2nd West African Well Engineering Forum

June 2nd 2022, Accra, Ghana

Digitalization, Innovation & the Energy Transition

A Sustainable Technology Roadmap for Upstream Oil & Gas in West & Sub Saharan Africa

AGENDA

08.15 Registration & Morning Refreshments

09.00 Organiser Opening Speech: Paul Seed, Managing Director, TMG Global Intelligence

09.05 Venue Health and Safety Brief

09.10 Keynote Roundtable Panel: Energy Poverty, Local Content & the Need to Maximize Ghana's Upstream Potential

Moderator: Riverson Oppong, Manager - Commercial Operations, Ghana National Gas Company

Opening Address: Opoku Danquah, CEO, Ghana National Petroleum Corporation

GNPC: Harnessing and Monetizing Stranded Resources Offshore Ghana
Michael N.A. Aryeetey, Manager, Exploration and PM, Voltaian Basin

Ghana Gas Company: Balancing the Challenges of Energy Poverty and Climate Change in Sub Saharan Africa
Riverson Oppong, PhD, Manager, Commercial Operations

11.10 Coffee Break

11.30 Roundtable Session 1: Maximizing Efficiency During the Well Life Cycle

Moderator: Ato Aidoo, Managing/Technical Director, Soluserv GH Ltd

Eni Ghana: Increasing Well Delivery and Operations Efficiency: The Digital Approach of Eni Ghana
Amoako Amponsah Alexander, Senior Drilling Engineer

TGT: Performance Monitoring of Wells Using Advanced Diagnostics - Included Passive Acoustics and Temperature Modelling
Sergey Prosvirkin, Principal Domain Champion

Eni Ghana: Eni Deep Transient Testing (DTT) Experience: a Safe, Green and Cost-efficient Approach for Early Phase Reservoir Characterization
Nyankson Joseph, Senior Wellsite Geologist

12.45 Lunch

13.45 Roundtable Session 2: Driving Drilling Efficiencies Through Innovation

Moderator: Derrick Klutsey, Well Delivery Team Lead, Tullow Oil Ghana

Tullow Oil Ghana: Creating and Delivering a Successful Green Strategy for Well Construction
Elike Mawuli, Well Engineering Manager, Tullow Oil Ghana

TOMAX: Case Study – Downhole Regulators for Deepwater Drilling Offshore Ghana
Helge Smedvik, Sales Manager Africa

Schlumberger: TruLink Definitive Dynamic Survey-while-Drilling Service
Anabel Garcia, Sales Engineer Nigeria and West Africa

14.45 Coffee Break

15.00 Roundtable Session 3

Moderator: James Yamoah, Director of Petroleum, Ghana Ministry of Energy

Schlumberger: Intelligent Wireline Formation Testing using the ORA Digital Platform
Michael O'Keefe, Reservoir Domain Champion
Victor Mwinmaalu Nofong, Sales Engineer – Schlumberger Nigeria and West Africa

TGT: Diagnosing Well Barriers to Enable Rig-less Abandonment
Sergey Prosvirkin, Principal Domain Champion

Halliburton: Remotely Operated Barrier Valves, Improving Operational Efficiency During Completions
Mr. Yuan Ji, Technical Manager, Completions

15.45 Coffee Break

16.00 Roundtable Session 4: Developing Cyber Resilience in Oil & Gas

Moderator: Benjamin Ofori, Head, Critical Information Infrastructure (CII) Protection at the Cyber Security Authority

SD:UK: AI and the Future of Cyber Security - The Final Frontier
Carey Cooper, PhD, Chief Information Security Officer

IQuila Ltd: Securing Data From Remote Locations
David Sweet - CEO

17.30 Closing Remarks: Kwaku Boateng, Local Content Director, Petroleum Commission

17.30 Close of Conference and Gala Reception
